**For Immediate Release**

## **InduSoft Named Microsoft Gold Certified Partner for Second Time**

Austin, TX - August 11, 2005 — InduSoft, a leading provider of HMI/SCADA for the Web and Windows CE as well as other Microsoft® platforms, today announced it has earned Microsoft Gold Certified Partner status for Software Products for the second year in a row. Microsoft Gold Certified Partner status provides market recognition for companies providing consistent, high-quality products built on the Microsoft platform. InduSoft is among very few ISV's to receive such certification to date.

"Only companies that have demonstrated the highest levels of customer service, proven their experience and attained advanced certification receive the designation of Microsoft Gold Certified Partners," said Allison Watson, vice president of the Worldwide Partner Sales and Marketing Group at Microsoft Corp in announcing the award. "Today, Microsoft recognizes InduSoft for its skills and expertise in providing customer satisfaction with Microsoft products and technology."

"InduSoft is delighted once again to attain Gold Certification status in the Microsoft Partner Program. This allows us to promote further our expertise with Microsoft to our customers and partners," says Marcia Gadbois, Vice President of Business Development of InduSoft. "When combined with Microsoft products, InduSoft offers lower total cost of ownership for customers

looking for a sophisticated, fully functional HMI/SCADA platform and allows our users full access to an open standards operating environment.”

The Microsoft Gold Certified Partner Program recognizes companies that demonstrate commitment and expertise at delivering customer value in one or more specialized areas of Microsoft technologies. The program helps customers identify companies that have proven experience with Microsoft products and solutions.
